

Assignment 04 - Web Programming

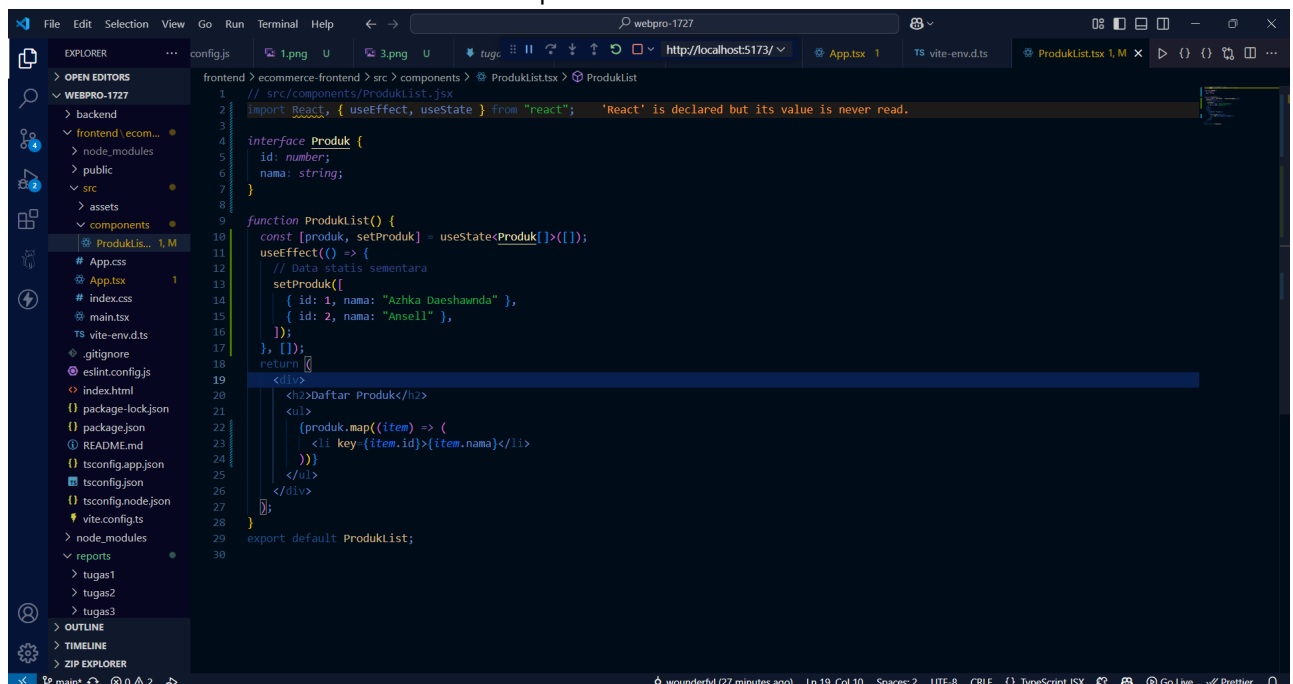

Ansellma Tita Pakartiwuri Putri (10231017 - BackEnd) Dahayu Azhka Daeshawnda (10231027 - FrontEnd)
<https://github.com/wounderfv/webpro-1727>

After following the module's instruction of today's class, we have successfully followed the instruction as below:

1. React + Vite ran successfully

2. Used `useState` and `useEffect` in code implementation

3. Ran React+Vite using modified code successfully, showing the components used in static data.
